Solar Battery Savings Program Guidance

Before using the FranklinWH App, you should install a FranklinWH system with a San Diego Community Power (SDCP) <u>approved contractor</u>.

Once enrolled in the program, homeowners must select the utility company on the **Tariffs Settings** screen, then appropriately configure the FranklinWH App.

To select, follow the steps below.

Log in accou	to the FranklinWH App wi nt.	th your homeowner	3.	Choose San Diego	o Community Power.
On yo)n your energy home screen, tap Settings > Tariff			15:22 🔌	. 11 5G 🗩
