

aPower S + MAC

- Cost-effective
- Whole-Home Backup
- Streamlined Installation

Direct Solar Connection

- Handles 20kW direct solar input
- 4 MPPTs adapt to complex solar setups

Fast Setup

- Avoid costly panel overhauls
- AI commissioning as fast as 3 mins

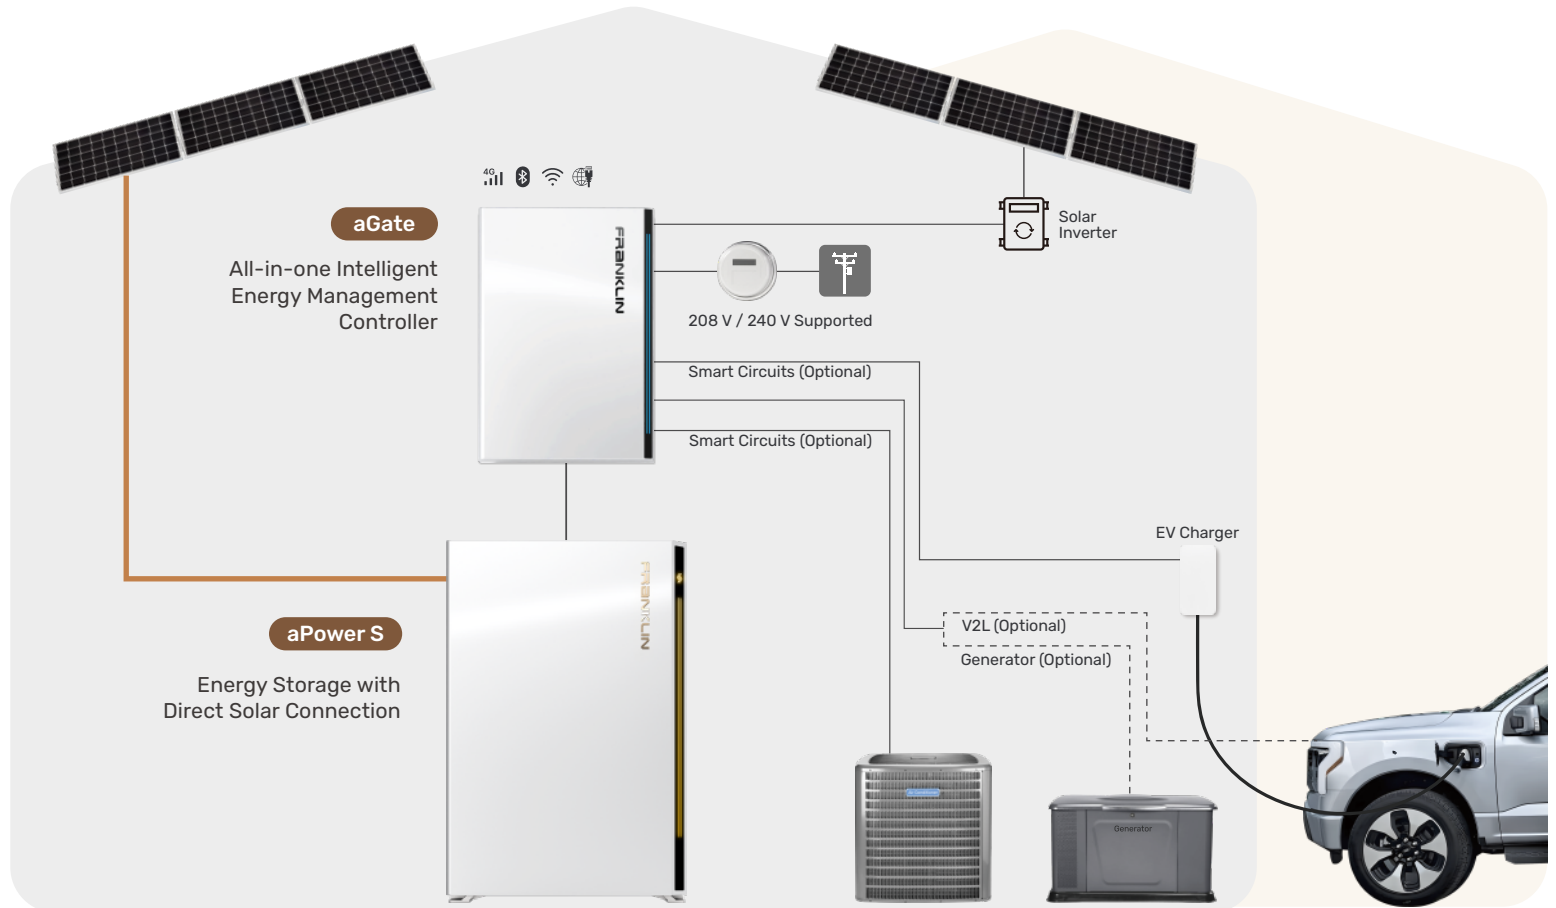

Expansion for More

- V2L or generator integration
- Long distance PV
- Intelligent load control

aPower S + aGate

- Greater Load-handling
- Whole-home Backup
- Partial Backup

Enhanced Power Distribution

- 280 A busbar to avoid main panel upgrade

Fits All Solar

- Suitable for both existing and new solar installations

Higher Integration

- V2L or generator integration
- Intelligent load control
